Wildfire in the Northeast - Meeting the Challenge -

December 6-8, 2016

Mystic, Connecticut

An International Wildfire Prevention & Mitigation Workshop

The **Northeastern and Mid-Atlantic Forest Fire Protection Compacts** are hosting this first of its kind “HOW TO” international workshop, to be held at the Hilton Mystic Hotel.

This is an opportunity for community leaders, emergency responders, homeowners, and wildfire professionals to share their knowledge and experience on key wildfire prevention and mitigation issues.

If your WILDFIRE interests include ...

- ⇒ Prevention ideas and tips ~ promotional items ~ handouts
- ⇒ Preventing home ignitions, using proven landscaping and construction guidelines
- ⇒ Increasing children’s interest in wildfire prevention
- ⇒ What’s new with Smokey Bear
- ⇒ Ways that local fire chiefs can use prevention/mitigation to protect their community
- ⇒ Firewise lessons learned
- ⇒ Wildfire history as a tool to predict wildfires in the future
- ⇒ How to influence public opinion and behavior
- ⇒ Techniques for creating better graphics for your prevention/mitigation needs
- ⇒ Increasing situational awareness of wildfire risk, and initiating action
- ⇒ Demonstrations ~ from prevention/mitigation-related vendors

Then this Workshop is for you.

Scholarships are available to pay for registration, travel, lodging, and meals.

For more information contact your state/province representative, listed at:

www.NortheastWildfire.org

Funding for this workshop provided by the USDA Forest Service
